

Story 1

This pie chart shows the direct wise production	This line chart shows season based cultivation area	This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)
---	---	---------------------------------------	---	---	-------------------------------------	---

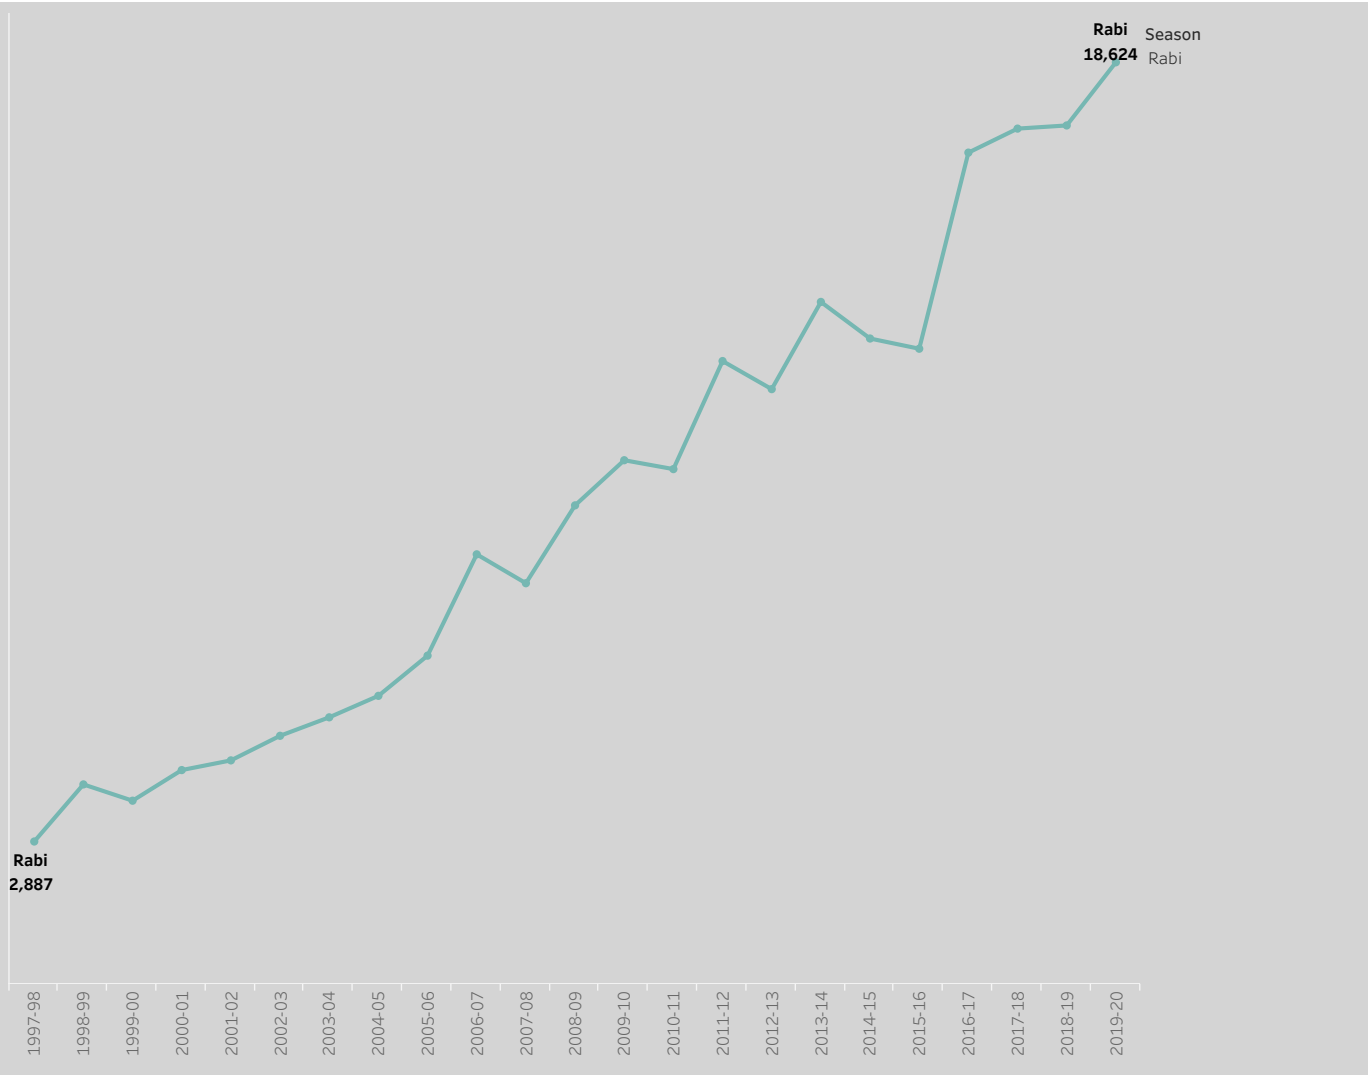

Story 1

This pie chart shows the direct wise production	This line chart shows season based cultivation area	This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)
---	---	---------------------------------------	---	---	-------------------------------------	---

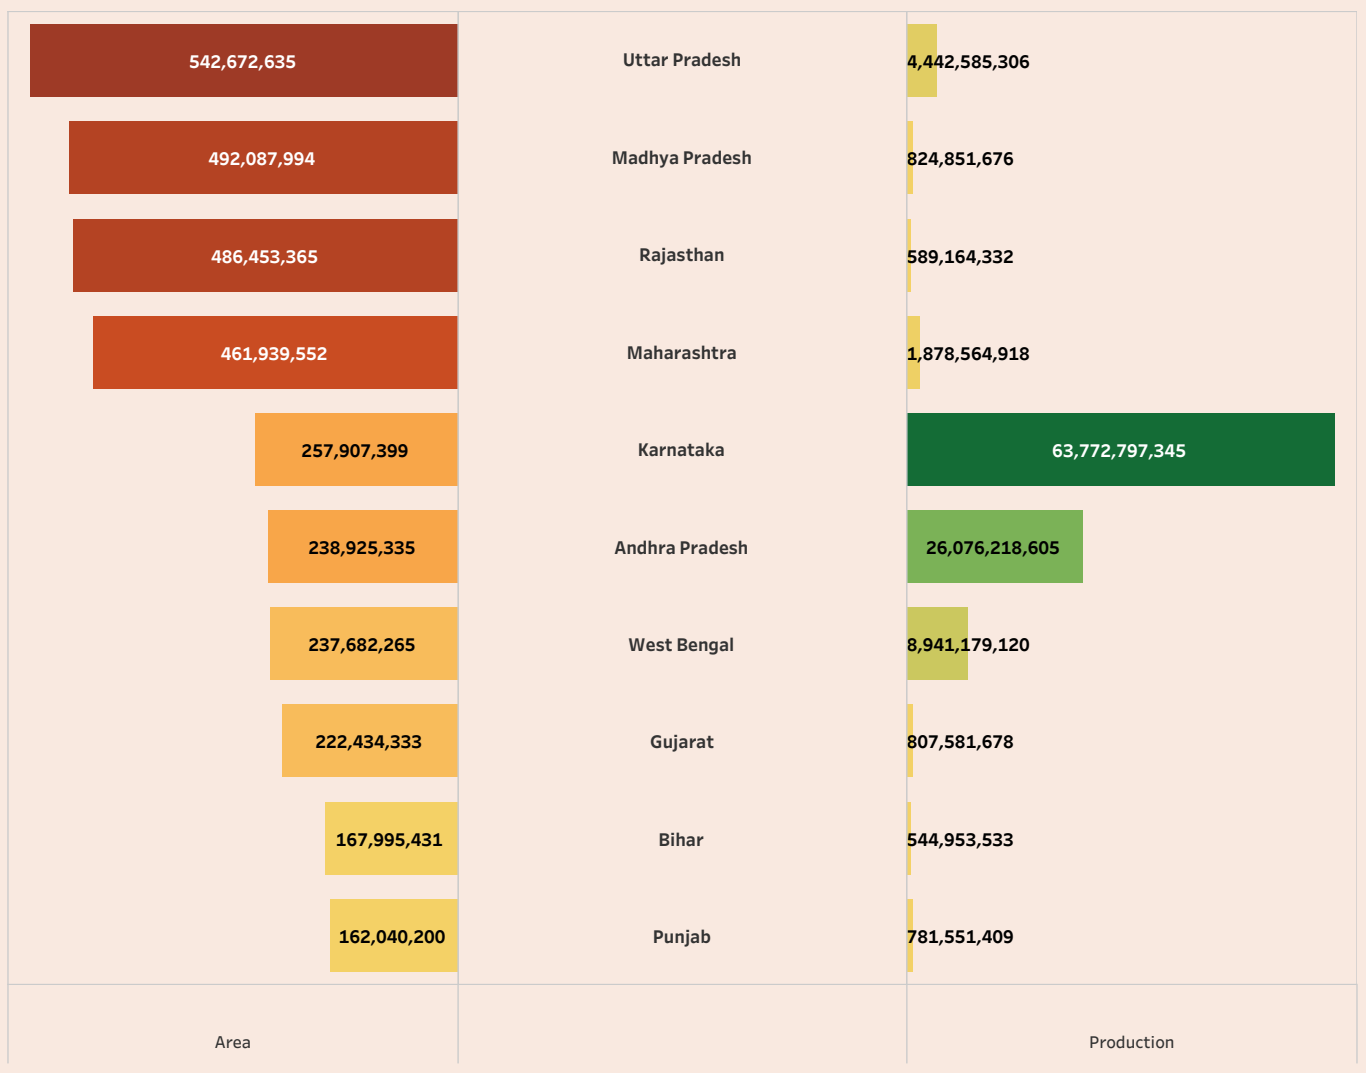

Story 1

This pie chart shows the direct wise production	This line chart shows season based cultivation area	This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)
---	---	--	---	---	-------------------------------------	---

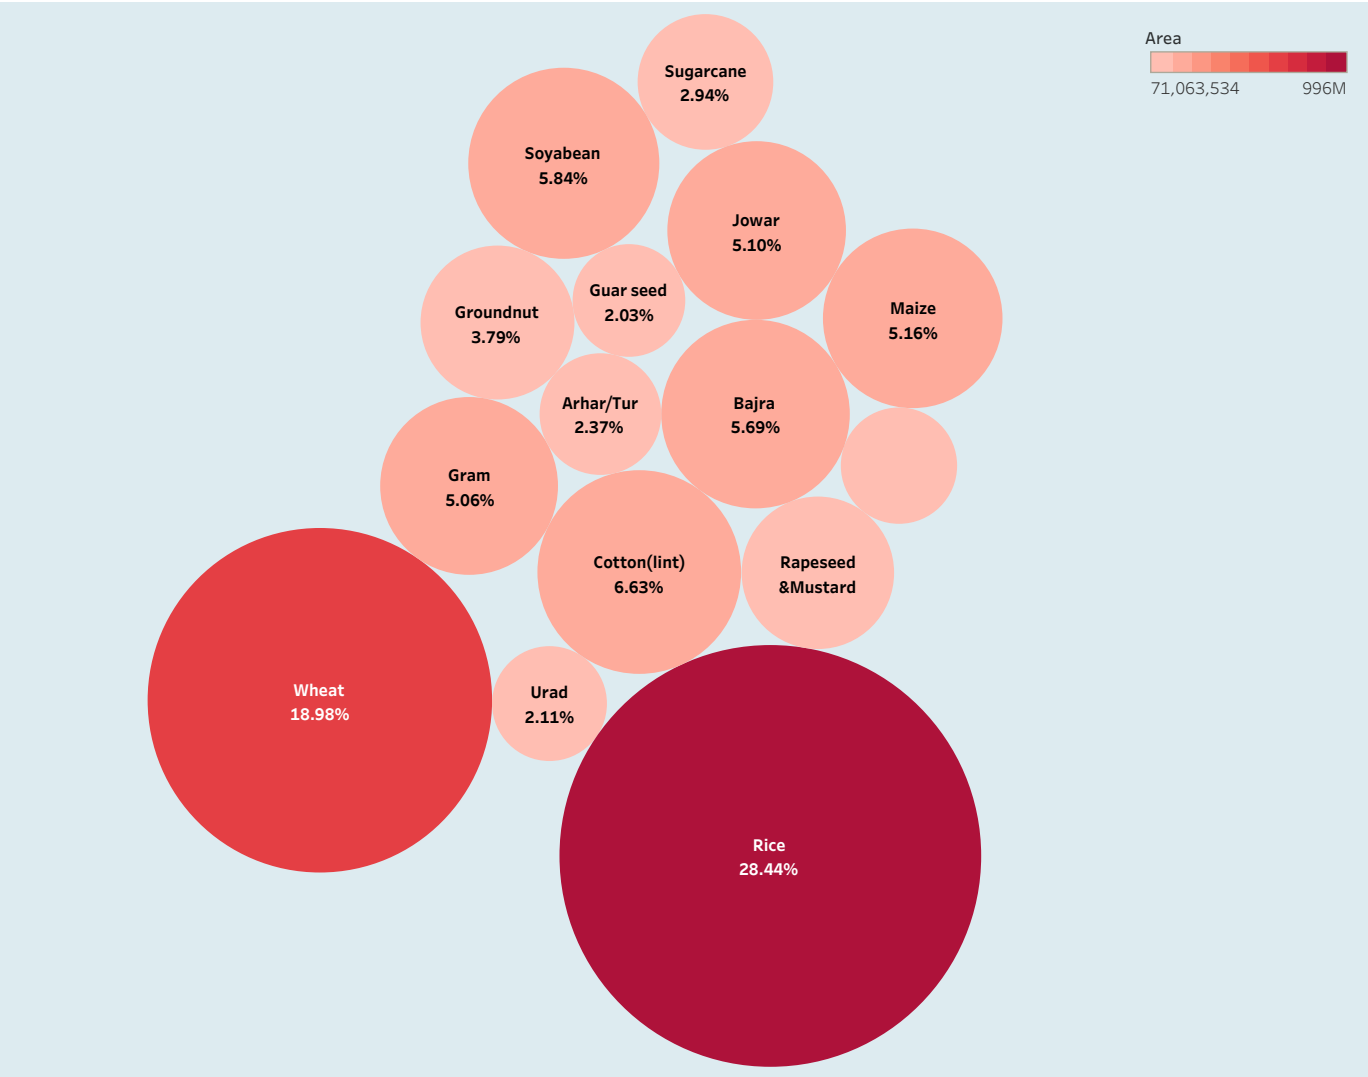

Story 1

- This pie chart shows the direct wise production
- This line chart shows season based cultivation area
- This line chart shows yield by season
- This butterfly chart shows the difference between area and production
- This circle chart shows crop plantation by area
- This bar chart shows the major crop
- This chart shows the crop (plantation by count)

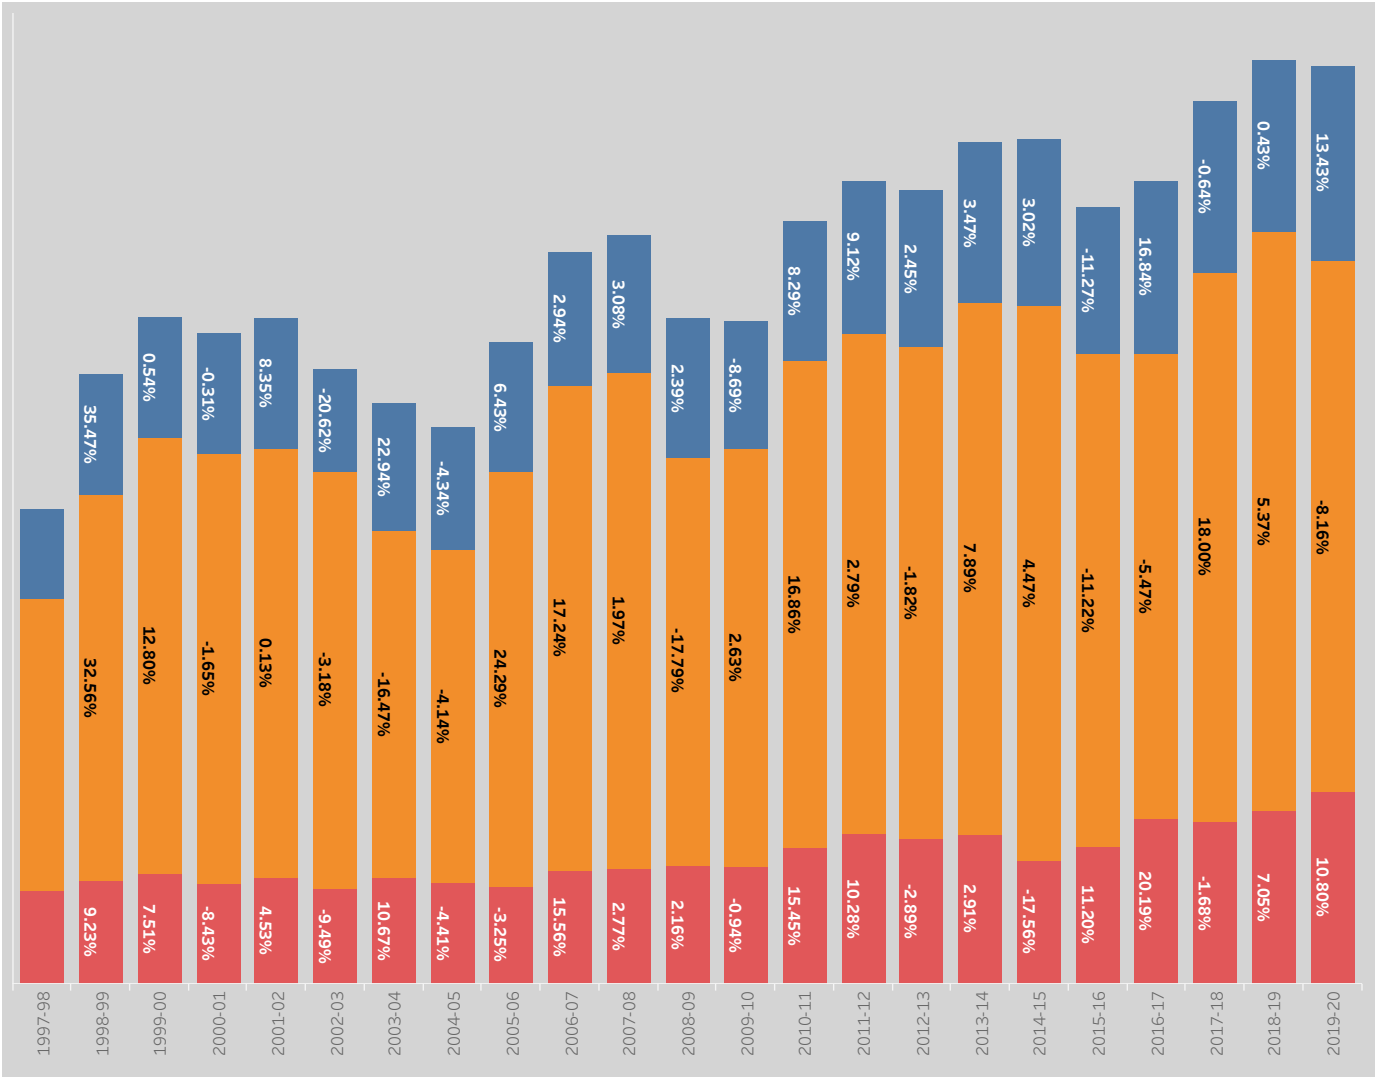

Story 1

- This line chart shows season based cultivation area
- This line chart shows yield by season
- This butterfly chart shows the difference between area and production
- This circle chart shows crop plantation by area
- This bar chart shows the major crop
- This chart shows the crop (plantation by count)
- This donut chart shows the season wise production

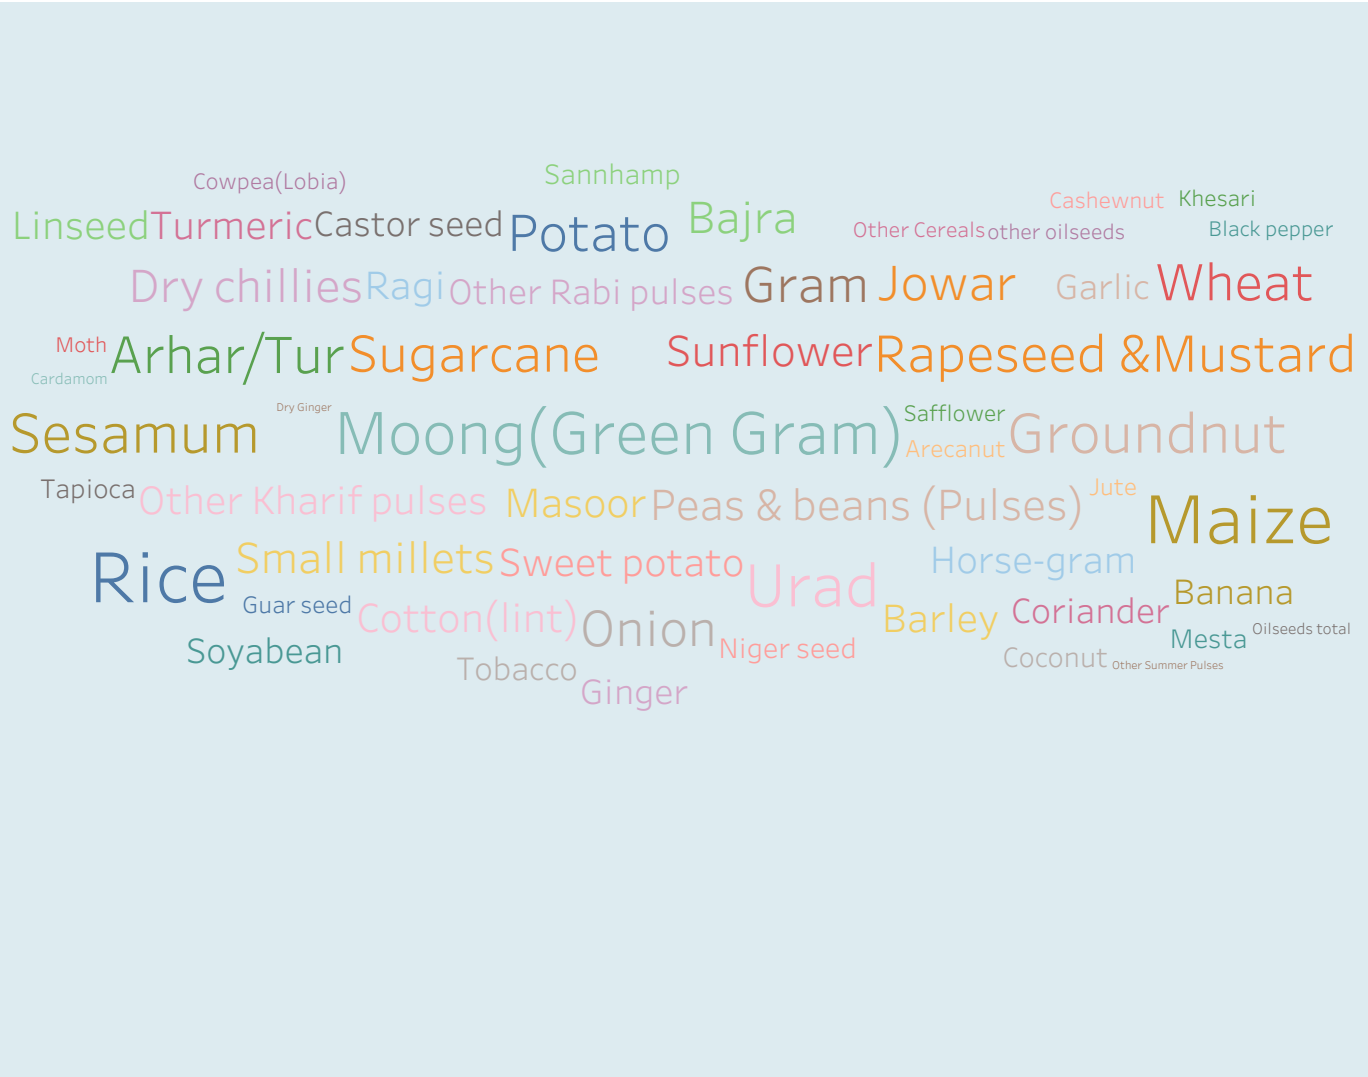

Story 1

This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)	This donut chart shows the season wise production	This chart shows the yield by state
---------------------------------------	---	---	-------------------------------------	---	---	-------------------------------------

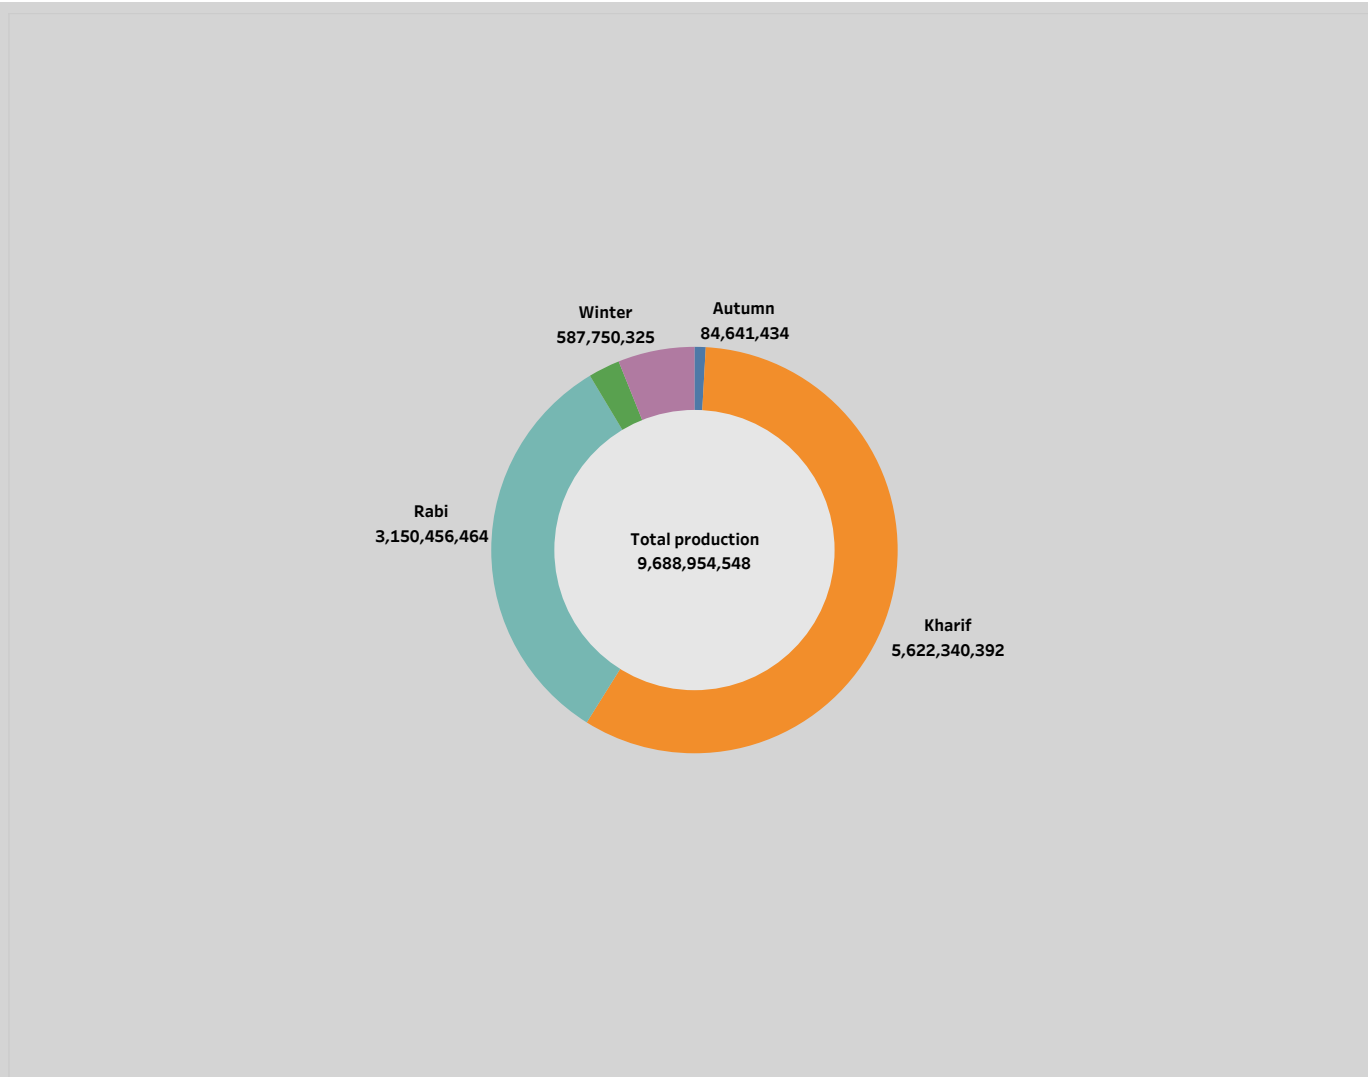

Story 1

This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)	This donut chart shows the season wise production	This chart shows the yield by state
---------------------------------------	---	---	-------------------------------------	---	---	-------------------------------------

Story 1

This line chart shows yield by season	This butterfly chart shows the difference between area and production	This circle chart shows crop plantation by area	This bar chart shows the major crop	This chart shows the crop (plantation by count)	This donut chart shows the season wise production	This chart shows the yield by state
---------------------------------------	---	---	-------------------------------------	---	--	-------------------------------------

Story 1

- This line chart shows yield by season
- This butterfly chart shows the difference between area and production
- This circle chart shows crop plantation by area
- This bar chart shows the major crop
- This chart shows the crop (plantation by count)
- This donut chart shows the season wise production
- This chart shows the yield by state
